Business Solutions

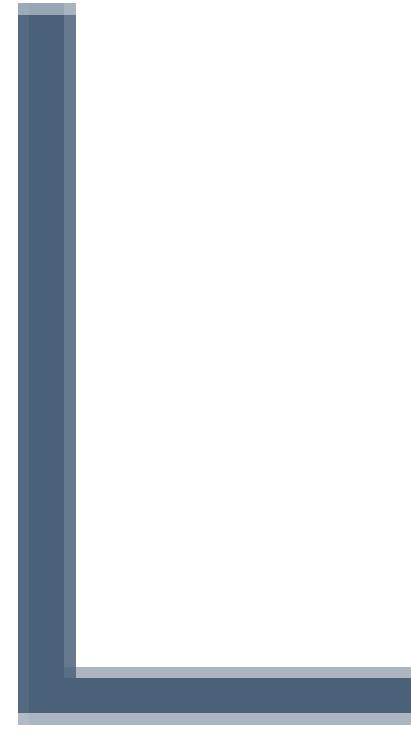

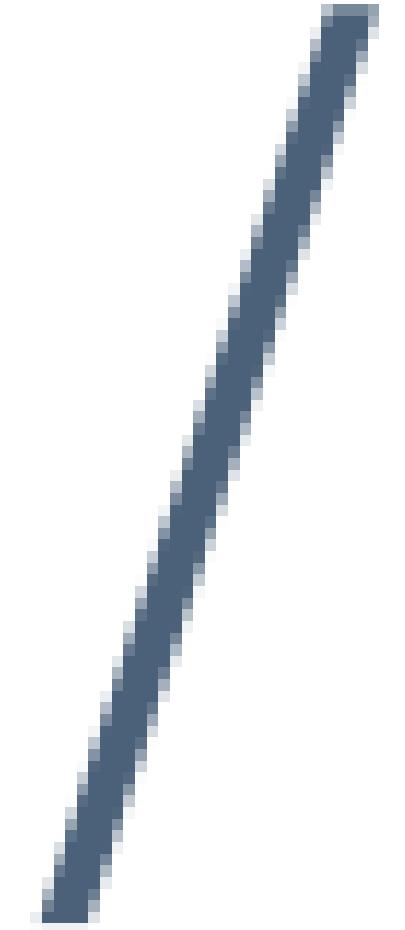

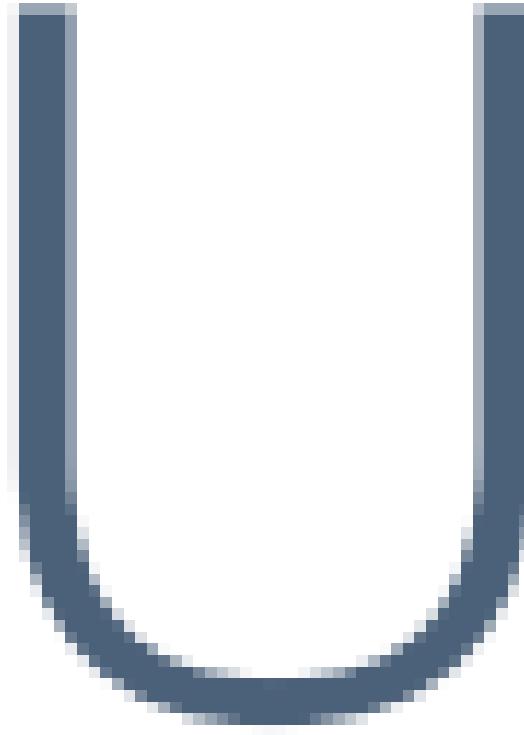

Hi there! I'm a  
data scientist at a  
fintech company. I've  
been working in data  
science for about 5 years  
and I'm currently working  
on a project to predict  
customer churn. I'm also  
interested in machine learning  
and deep learning. I'm  
available for consulting or  
collaboration. Please feel  
free to reach out to me.
